# What's going down?

**...your kitchen drain, that is.  
And now, a word of caution from  
Eagle Service Company.**

Did you know that, to plumbers, the day after Thanksgiving is Black Friday? And not because we spend the day shopping. For us, it's the busiest drain cleaning day of the year.

So this Thanksgiving, may you count your blessings, cherish time spent with family and friends, and be extra careful with what you put down the drain. Still, if "careful" isn't enough, just give us a call and **save \$35 with the attached service voucher.**

**Redeem the attached service card now or later,
