Energize That Rabbit of a System with Our 40-Point AC Inspection Service for as Little as \$29.95!

Dear Valued Customer:

What do we all have in common with central AC systems? From time to time, we feel tired, run down and, well...incapable of performing at our best.

Today, we have the perfect cure for YOUR central AC system: **our 40-point inspection service, and now at our lowest prices of the year.**

If you're an SRP customer, **you'll pay just \$29.95...** same as they charge. APS customer? **Your price is just \$59.95...** same as they charge. But here's the thing: SRP and APS provide only a 16-point inspection. **Our 40-point service is far more thorough, and better suited to help your system perform at its best.**

Our maintenance consultants are all background checked, drug tested, receive over 100 hours of annual training, are NATE Certified (national training program), and have **0 complaints with the BBB and Arizona Registrar of Contractors.**

To help celebrate our company's 40th anniversary, here's a little something extra...from us to you. With your scheduled AC inspection, **we'll also provide you with an installed programmable thermostat for just \$264.81 each...a \$35 savings.** That way, you can pre-set your thermostat to provide "livable" cool air while you're home, and cut your energy costs when you're not.

So call today to schedule your AC inspection before the Phoenix summer jumps into high gear. Ask for Sadie Mae...she's ready to serve you with a smile.

Sincerely,

Andrew John, *Co-Owner*

P.S. There's no better way to get a jump on summer than with our 40-AC inspection service...just \$29.55 for SRP customers, and \$59.95 for customers of APS. Call to schedule yours today.

Your patronage of John's Refrigeration helps support 19 local families.
