

A direct quote from another happy customer of Pann Home Services:

"As with prior service, Pann was efficient in resolving the problem. They were prompt in having a service person to my home and kept me apprised of the issue/solution with minimal disruption to my schedule."

Jennifer G., Brighton

A direct quote from another happy customer of Pann Home Services:

"I have been so happy to have Pann Home Services. All of the individual workers are great, always pleasant to talk to and nice to have around. They have repaired 2 water breaks, re-plastered 2 entire ceilings, and installed a new heating system. They are clean and meticulous. You do not need to worry about a thing if you have them on the job."

Carl K., Cambridge

A direct quote from another happy customer of Pann Home Services:

"What attracted us to Pann Home Services was that they do everything, from carpentry to plumbing to electrical work. We started using them because we found that it was too difficult to get individual technicians to call back or come out immediately. In 10 years or so, I have never had a bad experience with them. In fact, they are the only people I use now because they do excellent work."

Robert & Faith H., Cambridge

A direct quote from another happy customer of Pann Home Services:

"We have been using Pann Home Services for many years. They understand the technology behind things like the brand-new heating system that they installed for us. They were able to explain everything to us and tell us what the alternatives were so that we understood all of our options. I would recommend Pann Home Services because they listen to the client and are very good at what they do."

Ann H., Cambridge

- Painting & tiling
- General carpentry

Catastrophic Home Repairs

- Water & sewage damage clean-up
- Water, fire, & smoke damage repair
- Harmful waste removal
- Asbestos removal
- Mold mitigation & remediation
- Catastrophic storm response

Lead Remediation

As of April 22 (2010), only an EPA Lead-Certified Firm, by law, can tackle a project if the work disturbs more than 6 square feet of paint on the interior or 20 square feet on the outside in homes built before 1978. At Pann, we are EPA certified for your protection.

Renewable Energy

- Solar powered electricity
- Solar powered heating and hot water
- LED lighting
- Tankless water heaters
- High efficiency heating & cooling

We Guarantee It!

- Guaranteed upfront pricing
- 100% customer satisfaction guarantee
- Fast, no-hassle financing...so you can start your project today!
- Licensed & uniformed technicians and installers
- Pann personnel – not an answering service – are on the job to take your phone calls, 24 hours a day!

So welcome, neighbor, to Pann Home Services. **And enjoy tremendous discounts on us!**

"Allow us to be your one-source home comfort and remodeling resource."
